- ★ The city recommends recycling and reusing waste where possible. We humbly request your understanding with this matter.
- ★ **Recyclables should be placed inside their designated, non-burnable garbage bags or inside of a translucent plastic bag.**
(*Please separate cans and PET bottles and place them in separate bags. Please also separate milk cartons and white plastic tray containers and place them in separate bags.)
- ★ Should your area have a designated recycling container, please be absolutely certain to place the items in a bag before placing them inside of a recyclable container when disposing of beverage glass bottles, cans, and PET bottles.
- ★ Recyclables are only collected twice a month, so be certain to check your district's disposal day before setting them out. **(Recyclables will be collected regardless of whether the day is a holiday or not.)**
- ★ Non-Burnable Garbage is only collected once a month, so be certain to check your district's disposal day before setting it out. **(Non-Burnable Garbage will be collected regardless of whether the day is a holiday or not.)**
- ★ Burnable Garbage will not be collected on holidays.

Tsuru City Bulk Garbage Disposal Schedule

★ In the event that Bulk Garbage Collection day falls on a holiday, it will be adjusted as such. Please confirm the collection day and dispose of your garbage at the Bulk Garbage Station.
